## About Me

As a driven and enthusiastic Software Engineering undergraduate student at NSBM Green University, I bring both academic knowledge and six years of practical experience as a graphic designer working with local clients. This unique combination equips me with a strong foundation in software engineering principles and a deep understanding of design principles. Now, I am eager to channel my passion for both design and technology into a UI/UX Design Internship role. With a keen interest in user-centered design, I am excited about the opportunity to contribute to real-world projects, learn best practices, and collaborate with a dynamic team. My goal is to leverage my skills to craft compelling digital experiences that prioritize user satisfaction and innovation.

## Academic

**Bachelor of Science in Software Engineering - NSBM Green University**  
(2021 - Present)

## Courses & Certification

**Foundations of User Experience (UX) Design - Google** (<https://coursera.org/share/2279e0fd4fd3c3b50a0cfd613a5e1abd>)  
**Meta Front-End Developer Professional Certificate** Meta (In progress)  
**Front-End Web Development** University of Moratuwa (In progress)

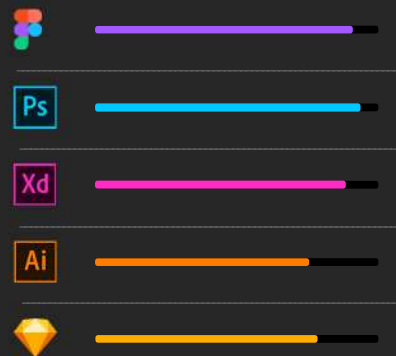

## Skills

Design Thinking  
Visual Design  
Color Theory  
Typography  
User Experience Design  
User Interface Design  
Prototyping  
Wireframing

## Programming

HTML  
CSS  
Basic JavaScript  
Basic Flutter  
Basic MySQL

## Tools

## Projects

### Website Redesign | Lexus Gx
